CALIFORNIA ART TILE IN \$500,000 EXPANSION

STANDARD OIL TAKES OVER GALENA OIL IN RICHMOND

Heavy Demand For Output Of Firm Reported

An expansion program involving \$500,000 for the California Art Tile Corporation of Richmond was announced yesterday morning on the San Francisco stock exchange when the new industrial stock was presented to the exchange.

According to officials of the company it is the plan to more than double the production calling for a large increase in equipment and the number of men employed. J. W. Hislop, one of the leaders in the California Art Tile company of Richmond, has sold his interest in the company which will be known as the California Art Tile corporation in the future. Hislop has retired. L. J. Hislop and W. A. Hislop, however, retain their interests in the new organization and will take a leading part in the expansion program of the company.

Others connected with the firm are J. Morrison, president, Preston Meads, secretary-treasurer and Walter Dusenbery. These will be in charge of the expansion.

Street Car Speed In Stage Protested

People in the stage district objected to the speed of the street cars at Potrero avenue, and at the meeting of the council last night J. C. Osborne of the grievance committee of the Stage Improvement club, asked the council to request the Key System to stop the cars at Forty-seventh and Potrero avenues.

The statement was made that this was the intersection where most of those employed in the industries of that section crossed and it was only a question of time before there would be loss of life. City Manager J. A. McVittie will take the problem up with the Key System.

Richmond Tot Hurt In Auto Accident

Elizabeth Wilson, 4, is at her home 1519 Thirty-sixth street today suffering from a broken right leg and cuts and bruises suffered yesterday when she was struck by a car being driven by Lewis McDonald, 215 Standard avenue in west of 1015 Macdonald avenue.

Leniency Asked For 'Love Nest' Couple

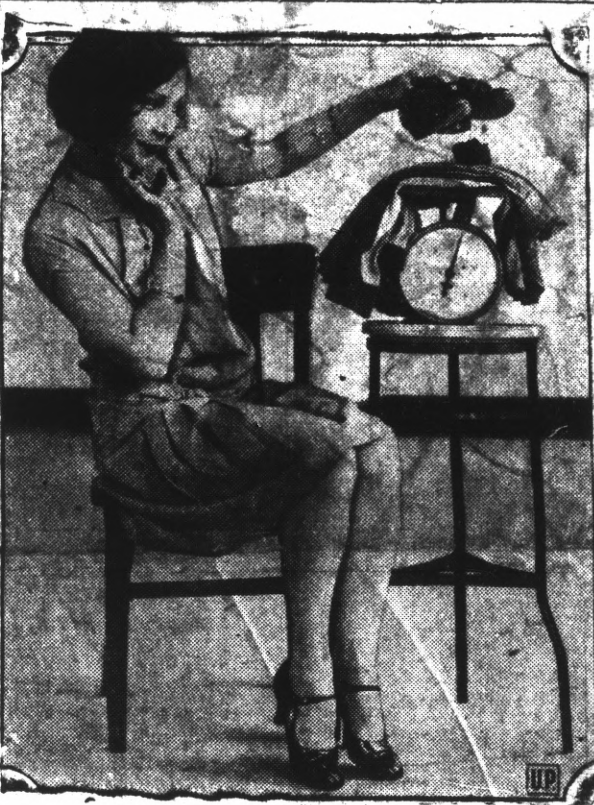

MARTINEZ, Nov. 19.—Overseas for leniency were made to the district attorney's office this morning by Mrs. George Galloway, wife of a former detective arrested last Friday night in a Richmond "love nest" with Mrs. Schmidt, his sister-in-law. Mrs. Galloway was joined in the agency plan by her brother, William Schmidt of Sacramento, husband of the woman in the case. As a result of the conference in the district attorney's office it will be determined whether either or both Mrs. Schmidt and Galloway are to be prosecuted on an adultery charge, released or held for federal investigation under charges of violating the Mann act.

The couple are in the county jail awaiting outcome of the charges sworn against them by Galloway. They became the objects of a federal probe when Schmidt charged that Galloway brought Mrs. Schmidt into California from Utah some months ago.

HOOVER, FAMILY START ON GOODWILL JOURNEY TO SOUTH

ABOARD BATTLESHIP MARYLAND, AT SEA, Nov. 19.—(via radio)—UP—President-elect Herbert Hoover started his epoch-making South American tour today when the Maryland steamed out of San Pedro harbor. Escorted by five destroyers, the Maryland cleared the harbor at 1:30 a. m., after a triumphal progress through a lane of ships whose sirens shrieked farewell warships off the Pacific fleet. The presidential salute of 21 guns. Airplanes that had flown overhead in honor of the president-elect dropped behind, one by one, and the Maryland nosed out to sea on her way to Copeng, Nicaragua, the first stop. "President-elect Hoover, with characteristic energy, was at home at once, and with members of his party started an inspection tour of the vessel, escorted by ship's officers and by Henry P. Fletcher, ambassador to Italy, who is President Coolidge's personal representative on the tour. Hoover is expected to make the first official announcement of the purpose of his trip at Corinto. He has indicated that it is a "goodwill" mission which he hopes will establish more cordial relations with Central and Southern American nations during his administration and those which follow. The complete itinerary of the trip probably will be announced Tuesday. It is known that stops will be made in the Canal Zone, Peru, Chile, Argentina, Brazil, Cuba and Mexico. The possibility of visits to Lapaz, capital of Bolivia and Caracas, Venezuela, have been reported. The farewell ceremonies at San Pedro today were impressive, yet simple. Fifteen thousand persons, mostly children, cheered Hoover, his wife and son as they passed between a double line of sailors to the Maryland, anchored two miles off shore and just inside the breakwater.

Autoist Crashes Into Light Pole

Forced to crash into a light pole, Carmelo Ozzopordi, 145 Sixth street, escaped without injuries last night although his machine was badly damaged. Ozzopordi returned that at the intersection of Sixteenth street and Macdonald avenue a machine cut in ahead of his car. To avoid crashing into the car, he swerved to the curb and smashed into the pole. The driver of the other car drove on, according to police reports.

MRS. FRENCH RETURNS

Mrs. Albert French who has been visiting in Barstow for the last three weeks has returned to her home, 2911 Downer avenue.

City Asked To Close Streets

Owners of land in what was formerly known as Canal subdivision No. 2, last night petitioned the council to abandon all streets with the exception of Wine and Canal, as the property had been reverted to acreage ten years ago. Those signing the petition were Duncan and Harrison, J. A. Bangs, Richmond Investment company and Enterprise Foundry. A report on the request will be made by City Manager McVittie at the next meeting of the council.

PRODUCTS TO BE HANDLED FOR PACIFIC COAST TRADE

Announcement was made in Richmond yesterday that the Standard Oil company has assumed charge of the activities of the Galena Signal Oil company for the western coast with headquarters in Richmond. The Galena company has maintained a plant near the Standard Oil company for some years.

According to the change in the organization the product of the company will maintain its present name, but will be made at the Standard Oil plant here and handled through the sales department of the company. The product will be manufactured according to the specifications of the Galena company.

Harmon Winkler who has been manager of the Galena company since 1926, is the present company in the east to resume new duties. At present Winkler is on sick leave.

BROKER GIVEN 7 YEAR TERM

PORTLAND, Ore., Nov. 19.—(U.P.)—James P. Cooke, president of the defunct Portland brokerage firm of Overpeck & Cooke, was sentenced to serve seven years in the penitentiary by Circuit Judge Robert Tucker here today, following his conviction on charges of embezzlement of funds of clients. Cooke was granted ten days in which to file a motion for a new trial. Meantime he is at liberty under \$15,000 bail. The firm of Overpeck & Cooke failed last January with a loss of about \$1,700,000 to its clients.

100 HELD IN LIGHT TESTS

More than 300 machines were tested by the Richmond and El Cerrito traffic officers last night in the war against faulty headlights being carried on in this district. Of the 300 cars, 100 were found to have faulty lights; 6 were cited for driving with no tail lights and 4 will appear in court for driving with only one light.

The tests were conducted at San Pablo and Macdonald avenues under the direction of Traffic Officer Eddie Baker of Richmond and Chief of Police Ray Check of El Cerrito.

Crockett Death Held Suicide By Coroner's Jury

A verdict of suicidal death was returned by a coroner's jury at an inquest into the death of Mrs. Margaret Timms yesterday afternoon in Crockett. Asphyxiation due to illuminating gas was given as the cause of death. Antonio Pereira and Harry Werts also of Crockett came to their deaths due to natural causes, the jury found.

Last night in Martinez an inquest was held into the death of Michael Moran. The jury found that death was due to natural causes. Coroner Aubrey Wilson presided over the four inquests.

EUROPE TOLL IN STORM GROWS

LONDON, Nov. 19.—(U.P.)—Vessels which were battered and crippled in last week-end's storm continued to stagger into port today as the toll of dead in England and northern Europe mounted to almost 100. Meteorologists warned tonight that more storms were expected in the British Isles.

The Dutch liner Crynassen from the West Indies and Central American ports reached Plymouth tonight, reporting seven days of continuous gales and terrific seas. A few passengers suffered minor injuries.

At the same time the board of trade officially announced that an investigation of the Rye harbor life boat sinking in which 17 men lost their lives would be held at an early date. The Rye harbor disaster was the first of many accidents to large and small vessels which lost a number of lives during the four day storm.

Meteorologists said the gale on Thursday was the worst general storm in many years. Twenty-five persons lost their lives in isolated accidents in England; 17 died in the Rye harbor, Kent, disaster; 15 persons (12 in one family) were killed on the Dutch coast; 13 died at Wiesbaden, Germany; 15 French fishermen were lost; four died in a building collapse; and many other isolated casualties were reported. Only two of 16 sailors on two vessels which sank Saturday have been reported and it was believed certain that the others were drowned.

Hundreds of persons were injured during the storm and millions of dollars of damage was reported.

DRIVER FACES DRUNK CHARGE

Peter Merlo, of Richmond, is in the city jail awaiting hearing before Police Judge C. A. Odell on a charge of driving while drunk as the result of an accident last night at San Pablo and Barrett avenues. Merlo, according to police reports, collided with a parked car owned by John Rector, 425 Anador avenue.

Rector, it is reported, rushed out to the street and held Merlo under arrest until Police Sgt. Charles Mahne and Patrolman C. Blankenship arrived at the scene.

Sprinkler System For Dock Ordered

In order that a modern sprinkler system may be installed at the new docks, the city is building on the inner wharf, the council last night authorized City Manager J. A. McVittie to expend \$1600 in putting in water pipes in the floor of the new structure before the concrete is poured. P. M. Sanford was awarded a contract at \$1060 for putting in a sheet metal enclosure of the south end of the west side of the sugar wharf. The other bidders were B. L. Spurr, \$1090, Tandy and Thels, \$1242, Carl Overaa, \$1380, and W. N. Snelgrove, \$1489.

Death Toll Set At 12; Immense Property Loss

KANSAS CITY, Nov. 19.—(U.P.)—The American Red Cross carrying out its errand of rebuilding devastated countries and administering to suffering in peace as in war tonight extended its mission to sections of Kansas and Oklahoma.

The death toll in the area had reached 12 as the waters receded, leaving 500 homeless and an estimated property damage of \$30,000,000.

The work of the Red Cross was well under way at Arkansas City, Kans., and Ottawa, Kans., the townings probably hardest hit in the inundated area.

A survey was made to determine the damage and supply needed food and clothing for the homeless who were further harassed by cold weather and snow which (Continued on Page 4)

East Shore Park Price Held High

It is not likely that the city will acquire East Shore park as a recreational place, as the matter was discussed at the meeting of the council last night and sentiment of the members was to the effect that the Key System wanted too much for the acreage. In a letter to the council, from the company, signed by Angus Clark, secretary, it was stated the company would accept \$45,000 for the 16 acres of land and improvements.

The statement was also made that the city had no means by which to purchase the land except by a bond issue, and this was too indefinite to consider in connection with the park matter at the present time.

Scout Council, City Officials Plan Week

Members of the Richmond District Scout council met with city officials yesterday noon to make preliminary plans for the observance of anniversary week of the Boy Scout movement. The co-operation of the city officials was assured. Plans are now being made to secure the co-operation of the Army and conferences will be held with officers of the Ninth Corps area, Presidio, San Francisco. Those present at the conference yesterday were Lloyd Bolt, J. B. Corrie, R. F. Cox and Claude E. Clark, of the Scout council and City Manager James A. McVittie, Chief of Police Dan Cox, Fire Chief W. P. Cooper and John A. Miller, chairman of the park commission, representing the city.

Piggly Wiggly Sold To Skaggs Company

Four stores in Richmond are Piggly Wiggly Pacific division has affected by the purchase of the associated himself with the Skaggs Piggly Wiggly Pacific company by the Safeway Stores, Inc., of which M. B. Skaggs is president. The Piggly Wiggly operated two stores here and the Skaggs company has two establishments here also.

The Piggly Wiggly stores will be operated separately from the Skaggs chain, it was announced. Although the sale of the Piggly Wiggly firm was announced two weeks ago, the name of the purchaser was not named.

Andrew Williams, a resident of Oakland and former head of the

San Pablo Tunnel Banned By Council

There will be no pedestrian tunnel built across San Pablo and Roosevelt avenue, nor at any other point until the people of that section petition for it. Although the cost of the proposed subway was only \$13,000 and would amount to only \$1.75 per lot in the proposed assessment district, on account of the protest made in person at the meeting of the council last evening by residents of East Richmond and in the territory west of San Pablo

avenue, the matter has been dropped. The motion to rescind the proceedings was made by A. L. Paulsen and was carried by a vote of six to three, Scott, Martin and Hartnett voting in the negative. These three explained their votes by saying that the amount involved was nothing compared to protecting the lives of children and it was the welfare of the little ones they had in mind.

SCOUTS WEEK OBSERVED BY LOCAL GIRLS

Girl Scouts of Richmond under the direction of Mrs. L. W. Wuesthoff this week are joining with 187,000 Girl Scouts throughout the country in observance of Girl Scout week.

Sunday was "Go to Church" Sunday for the girls, and also the starting day of the Scout week, which will end Saturday night. The Richmond churches were attended by members of the many troops of Girl Scouts here.

Yesterday was "Home Monday" and the girls assisted about the home, taking care of the house and looking at least one meal.

Today is "Community Tuesday" and the girls will go good turns and will aid the city.

Wednesday has been specified as special good turn day and the girls will do more than their usual good turns during the day.

Thursday is "Appreciation Day" and the girls will show their appreciation to those who have aided them in the past in many ways.

Friday is "School Friday" and nothing mended and made by the girls will be turned over to the T. A. groups for distribution.

Saturday ends the drive and at this time prizes will be awarded to the Richmond girls who have been collecting and identifying leaves of different trees in the city. Upon the awarding of the prizes a treasure hunt will be held.

The prize award will be made at the Richmond Boy Scout hall at 14th street and Ohio avenue.

Soft Drink Permit

Ed McDuff of 114 Washington avenue was granted a soft drink permit and a pool room permit at the meeting of the council last night.

Are you SURE your rugs are clean?

Week after week you go through a round of rug cleaning. When you are through, have you really cleaned? You would be surprised if you could see inside your rug after the ordinary cleaning. While its surface is comparatively free from dirt, there is deep in the nap a thick layer of grit which hasn't even been touched!

Are you satisfied with that kind of cleanliness? Are you content with such half-way results when with The Hoover you can have floor coverings that are really clean—all the way through?

"Positive Agitation" gets the dirt that no ordinary cleaning method can touch. It flutters to the surface of the rug the sharp, cutting particles lodged at the base of the nap. And only when these are removed is a rug thoroughly clean.

It would be well worth your while to take time for a demonstration of "Positive Agitation" on your rugs. You would see this sensational cleaning principle remove more dirt per minute than any other cleaning method is able to remove. And you would know definitely that nothing but Hoover cleanliness would content you in the future!

Older motors with big piston clearance could stand lots of carbon

The new high-compression motors have as little as 1/32 of an inch between the top of the piston and the cylinder head—first carbon is ruinous to them, even in small quantities

A handful of flint carbon... and only 1/32 of an inch to put it in

You've probably seen mechanics working on one of the older type motors—scraping layers of carbon off the piston heads—a big handful of it from one motor!

But the newer engines could never stand such carbon deposits. Some of them have only the thickness of a knife blade between piston and cylinder head—no room at all for carbon.

What causes carbon?

The carbon that builds up in your motor comes from burned oil. And it is a strange fact that often the highest priced lubricants will give you large quantities of gritty, hard carbon.

In spite of all this it is easy now to avoid carbon-forming oils. For science has perfected one oil that is vitally different.

Only a little soft soot

Shell Motor Oil, the result of a new refining process, forms less than one-third the carbon of even the costliest oils; no hard carbon, only a little soot that blows easily away through the exhaust.

Its lubricant value is far greater than old type oils. Careful refining leaves all its "body" intact ready to resist even the most violent changes in temperature.

Insist on Shell Motor Oil every time you buy. It is almost a necessity in today's motors.

SHELL MOTOR OIL

Shell 400, the new "dry" gas that burns cleanly and keeps out of the crankcase, is the ideal running mate for Shell Motor Oil. Even Shell Motor Oil can be ruined by "thinning" with a "wet" gas

'BILL' GUALDONI SIGNS WITH HOLLYWOOD STARS CLUB

LOCAL BOY TO JOIN CLUB IN 1929

William "Bill" Gualdoni, catcher for the San Pablo ball club and a star basketball player, will report to the spring training camp of the Hollywood Stars this spring. Bill was signed by Mike Valva, scout for the Hollywood club, last week.

Gualdoni is a graduate of the Richmond union high school. During his school career he made a habit of collecting stars and letters for participating in basketball and baseball. He was catcher on the school nine for four years and played guard on the school basketball squads for the same period. Upon graduation he was employed by the Santa Fe company in a mechanical section of the local shops. He plays guard on the Santa Fe quintet, and has been with the San Pablo club for a number of years. He hits well within the .300 column and plays a wiry game behind the plate.

USED CAR PERMIT

The council last evening granted the Red Bell Service station at Clinton and San Pablo permission to sell used cars in connection with the present business.

High Cagers Meet Lowell Here Friday

Coach Ivan W. Hill's 1928 basketball players will meet the Lowell high school of San Francisco at the local high school gym Friday afternoon for the first game of the high school team this season. Hill has five men from last year's squad, having lost only Charles Baldwin and Kenny Swenson. Baldwin played center and Swenson was running guard.

Richmond Boys' Soccer Team Loses Contest

The Richmond Boys' Soccer club lost a tough game to the Junior Neptune team Sunday at Oakland 5 to 1. The Oakland club started to score in the first half and piled up an advantage that the local boys could not overcome. The Richmond lineup included: Goal, Meyers; lf, Showalter, rf, Thompson; lb, Lee; ch, Grice; rb, Baker; of, Hood; ll, Jester; c, Brain; ir, Perkins; or, Freese.

PIGGY WIGGLY VICTOR OVER CLOTHIERS

The Piggy Wiggly baseball nine Sunday took the measure of the Johnson Clothiers of Richmond 7 to 3 in an eight-inning game at the Oakland ball park.

A single by Dick Young, with the score 1 to 0 in favor of the Piggy Wiggly nine at the start of the seventh inning started the Piggy Wiggly rally. Two runs were scored in that half.

In the first half of the eighth inning the Clothiers scored three runs, through a double by Biggs, a single by Woodson, an error, pass balls for O'Neil and Krasovich and a fielder's choice. A long sacrifice fly from the bat of Great-house scored O'Neil.

The Piggy Wiggly outfit came back with a vengeance in the last of the eighth and when the game was called on account of darkness the final score stood 7 to 3 in favor of the store team.

PULLMAN TEAM WINS FROM TIRE NINE

The Pullman baseball club of Richmond defeated the Double Tread Tire team of Oakland in a Maxwell Winter League game at Bay View diamond, Oakland, by the score of 9 to 1 before a good crowd, Sunday.

"Levy" DeLauchi, Pullman star pitcher, pitched a masterpiece allowing the opposition but 4 scattered hits and one run and struck out 13 batters in the 9 innings which is a good day for any pitcher in any league.

The Pullman boys went on a hitting spree during the game, garnering 15 hits in all. The attack was led by Murphy, outfielder, who batted out a triple, and 2 doubles while Tamm and Cornell, infielders, each laced out a double and two singles. Art Muth, who is doing a come-back act, had a perfect day at bat for the winners with a double and a single.

Bill McElroy is certainly the class of the league when it comes to holding down the shoos of a pitcher and he again demonstrated this fact yesterday by catching a game that would be hard to beat by any catcher around the bushes.

Richmond Men Play With St. Mary's In Winged O Contest

Carroll Pitchford and Adam Welsgerber of Richmond, played a good game against the Olympic club Sunday with the St. Mary's grid squad. The Saints finally went under to the Clubmen, 6 to 0. Pitchford plays fullback and Welsgerber is a guard. The two played on the Richmond Union high school squads.

Bears, Cards Ready For Big Game Saturday

There comes a time in the life of every Coast football fan when he takes it upon himself to hunt a quiet corner, wrap his head in a cold towel, and apply his thoughts to the outcome of the Big Game between Stanford Cardinals and Pop Warner and the California Bears, led by Coach Nibs Price. The game will be played this Saturday at the Berkeley stadium.

You will remember that this year not one college team has scored against the California variety. The Olympic game? The explanation is that the Olympic club is not in the Coast conference and besides Price used only his second team men in the play.

Pop Warner's men have beaten everybody so far except the Trojans. Howard Jones' men walloped the mighty Cardinals 12 to 0 several weeks ago and brought tears of dismay to the eyes of Cardinal fans. The Cardinals seem to be beset with a fumbling streak this year. Whether they can pull out of this slump Saturday remains to be seen.

Coach Nibs Price will send his regular backfield into the game: Ben Lom, Lee Elsen, Stan Barr and Charlie Schmitt.

Warner will use Herb Fleishacker, Bob Sims and Hoffman.

No, it won't be long now—just five days.

SAN PABLO NINE BEATS OAKLAND AGGREGATION

The San Pablo ball club has pulled out of its slump. Whether this is due to the work of Carl Kamb, the newly appointed field manager, or whether the club has pulled out of its hitting slump is a matter of discussion.

Sunday the club walloped the Devereaux Chevrolet team at Lincoln Park, Alameda, 10 to 2 in a bang-up game and next Sunday the club will tangle with the Piggy Wiggly nine winners over the Johnson Clothiers. The game will be played at San Pablo ball park.

Gillespie was on the mound Sunday for the San Pablo outfit and pitched shut-out ball. He allowed three hits in the first three innings and a fluke hit in the eighth.

MALIK CAGERS LEAGUE GAME WINNERS

Ben Malik's sizzling cagers last night tangled with Ward McKracken's quintet at the Roosevelt junior high school gymnasium. After the smoke of battle had cleared away the Malik outfit was sitting on top of a 28 to 15 score.

In the second game of the night the Santa Fe Indians received a bad scare at the hands of the Roovers. The Indians finally took the game in the last few minutes of play by a 10 to 11 score.

In the opening game of the night the Hi-Y cagers were trounced by the Ben Malik Juniors, 16 to 7. In one of the most exciting games seen on the local court for a number of moons.

Bunny Muth and Rowdy Dyer did for high point men for the Malik Style Leaders with seven points each while Millicevich was high man for McKracken's with seven points.

Lewis with six points was high man for the Indians and Hollingsworth starred for the Roovers with six points.

First Game

Malik Juniors (199): Viano, 4; Page, forwards; Flynn, 10, center; Weeks, 2; Taylor, 3, guards; Hi-Y: (17): Seawright, 2; Eby, 1; Maltiani, 4, forwards; Black, 10, center; Ferguson, Potts, Polak, 4, guards.

Second Game

(Continued from Page 1)

The new company is capitalized at \$500,000 class "A" cumulative convertible shares, no par value, and \$50,000 shares class "B", no par value. The corporation is offering 16,000 shares of the "A" and 8,000 shares of the "B" stock in units.

The units consist of two shares of "A" at \$24 a share and 1 share "B" at \$12.50 a share and are priced at \$60.50 per unit. The combined yield of the unit is 7.10 percent.

The organization has been engaged in the manufacture and sale of high fired faience and floor tile since December, 1923, succeeding a partnership which began business in May, 1922, with a total capital stock of \$4500. No additional working capital has ever been paid into the business.

The product of the company is used extensively in homes, stores, restaurant interiors, lobbies and business fronts. The firm has reported an ever increasing demand for its output throughout the United States, Canada and the Hawaiian Islands.

Driver Hunted In Pinole Crash

MARTINEZ, Nov. 19.—Sheriff officers today were seeking to locate J. F. Whitford, 630 Lincoln avenue, Albany, who is believed to have figured in an accident in Pinole last night. It is reported that a car driven by Whitford crashed into a machine being driven by Miss C. E. Manik, of Davis and a California Transit company stage. Whitford is said to have commandeered a passing auto to carry an injured passenger to a hospital. The name of the injured person was not learned. No one else was hurt but traffic was blocked for several minutes.

El Cerrito City Fire Department Whist On Friday

The El Cerrito Fire department will entertain Friday night, at a turkey whist party, to be held in the Fairmont school. The whist was originally set for next Tuesday night and then was changed to Nov. 26. The firemen discovered that the Quetab council of firemen of Richmond will hold a whist on that night and immediately the date for the firemen's whist was changed to Friday night.

In appreciation of this kindness the council of Richmond has elected a vote of thanks to the El Cerrito department and have promised their support. They will go to El Cerrito in a body to attend the party.

At least 40 tables will be in play Friday night and arrangements are being made by Fire Chief Arthur Reid to have two shifts, one starting at 8 o'clock and the other later in the evening. Ed Smith, a member of the department, will be general chairman of the committee in charge. Other members of the committee include H. E. Woods, president of the fire department association; the vice president, Casey Carlin; Alfred Baxter, Ed Dees, and Gus Edist.

EL CERRITO TO HAVE PLAN GROUP

An ordinance creating a planning commission to operate according to laws prescribed by the state passed its first reading at the meeting of the council of El Cerrito Monday night. The ordinance also provided that the members of the commission must be property owners and citizens of El Cerrito.

Whether the ordinance will pass its final reading will be determined when City Attorney J. H. Peters reports on the cost of creating the commission and zoning the city next Monday night.

Action on the much needed repair work on Barrett avenue was taken Monday night when the council of El Cerrito ordered City Engineer Ross L. Calfee to prepare plans and specifications for the resurfacing of the street. The plans will call for scarifying Barrett and repaving from gutter to gutter a width of 37 ft. with three in. of oil macadam from the western city limits to the easterly line of Yuba avenue.

Mrs. Butterfield, proprietor of the Aladdin shop, near Cutting on San Pablo avenue, was given permission by the council to burn a torch with an open flame on a sign in front of her place of business.

On the recommendation of street Commissioner Peter Larsen, the council ordered the ditch at Second street and Potrero avenue cleaned and a ditch to be dug on the west side of San Pablo avenue south from Cutting boulevard.

Beard was in charge of arrangements.

Children Show Fans Aid Needy In Food Drive

Food was the admission price for children under 12 years of age last night at the California theater. Manager A. B. Crawford took this means of aiding the Salvation Army in feeding the needy on Thanksgiving Day.

The plan was a success, 243 cases of vegetables, fruit, milk, felines, preserves and pickles being received not to count a large box of potatoes. Milk headed the list, 74 cans being received.

At the entrance to the theater two Salvation Army kettles were placed to receive contributions. Crawford will continue the plan again tonight, after which the foods will be turned over to Capt. O. Knutson of the Salvation Army.

Council Hears San Pablo Ave. Detour Protest

Bruce Le Count of the Red Ball Service station at San Pablo and Macdonald protested to the council last night against traffic being diverted from San Pablo at Macdonald, as it was ruining his business.

It seems that the state highway commission is putting in a new highway from the northerly city limits to the bridge, and the traffic is being diverted down Macdonald avenue, thence to Twenty-third and on to San Pablo.

During this period this diversion of the traffic is taking place, City Manager James A. McVittie refuses to permit heavy trucks to traverse oil macadam street, as the traffic would ruin them within a week, he stated.

After much discussion, the matter was left in the hands of the city manager and the superintendent of streets.

The window displays at Read's Store on Eighth street are attracting considerable attention; on account of the "Timeliness" of the exhibits.

One window shows nothing but table damask and napkins, in sets. Much sets with colored borders are reasonably priced; and suggest the coming Holidays.

Another window is devoted entirely to blankets, bedspreads and draperies; the all-wool blankets and rayon spreads, in colors, being especially pleasing.

In the next window you will see dresser scarfs, stamped pillow cases, pillow tubing, linen sheeting, and linen for embroidery.

ering, things to make up into attractive gifts.

Window Number Four is gorgeous with color—displaying silk crepes, rayon taffeta, and rayon satin, in many new shades. Shimmering sliver hosiery is also being displayed, complement to the dainty fabrics.

And finally—on the opposing window display of Dresses, by fast express from foremost Eastern designers. Latest models are shown in Silk, Velvet, and Woolen materials—and in two price groups: \$8.95 and \$12.75.

The impressiveness of Read's prices, and values, are reflected all over the store; whether dresses, or the material for making them is the object of your quest.

Prison Term For Local Man On Girl Charge

MARTINEZ, Nov. 19.—Byron C. Rollins' plea that the mother involved him in the statutory charge against a 14-year-old Richmond girl failed to save him from serving a penitentiary sentence. Rollins was seeking probation today before Superior Judge A. B. McKenzie. As a result of the judge's decision he will have to serve a term in San Quentin prison.

Rollins' with tears streaming

down his face, charged in a statement to the court that the mother tried to involve him in the charge. The mother, Mrs. Maude Oare, is now serving a county jail sentence of one year on a charge of contributing to the delinquency of her daughter. William Hardwick, pleading guilty to a charge involving the same girl, was sent to San Quentin.

Service Council Holds Session

Plans for the continuance of the work among students in the Richmond Union high school were discussed yesterday by the Richmond council of Service clubs at a luncheon in the Hotel Carquinez. Much has been accomplished by the organization in the way of counseling the boys in helping them toward their future life work, according to reports delivered. Ad-

vice from local and out of town plant and department heads has been given to a large number of the students. Walter T. Helms, chairman, presided over the session.

BIRTH RECORDED

A birth certificate for Marjorie Jeanne Rowe, born Nov. 3 to Mr. and Mrs. Albert A. Rowe of San Leandro was filed with the city health department yesterday.

TWO PHASES OF SAFETY

The United States Steel corporation owns many industrial plants and employs thousands of men. It spent \$9,000,000 last year in promoting safety first precautions in its own forces. The estimated saving in human lives was 500. If the expenditures of the steel corporation on safety work are spread over 500 lives, one may arrive at a sort of assessment of the value of a human existence. It works out about \$18,000 per person.

And that would be impressive if used in connection with the earning power of the individual during his expectancy, the investment made in schooling and training him for his job and the insurance that might be paid on him if he happened to believe in insurance.

But there is another side to the United States Steel corporation's safety expenditures. That corporation estimates that it made \$13,000,000 out of the deal for itself.

The saving in time out of accidents prevented, the saving in care of injured and in loss of efficiency due to not having to replace workmen killed or injured with less well trained men all work out for a saving that could easily amount to \$13,000,000 in an industrial plant as large as the steel corporation.

Accidents can be sharply divided between preventable and unpreventable ones, and the former class greatly predominated in statistics. The economic loss last year from accidents was \$5,000,000,000, which compares with the \$700,000,000 lost in preventable fires, the estimated \$500,000,000 due to crookedness and cheating, theft and robberies and the grand and glorious figure of some \$10,000,000,000 accounted for by the cost of crime, insanity and sickness.

Efforts to make people exercise care have taken fruit. In 12 years the Santa Fe has reduced fatalities by 60 percent and injuries by 40 percent on its own system, and those figures mean something when it is understood that in the same 12 years the man-hours of employment on that railroad have greatly increased and a like growth has been enjoyed in ton miles and passenger miles.

Contemplation of some of these figures explains why safety first advocates are such earnest men. They have a mission of mercy that drives them to labor in a field where their toil is desperately needed. The public could do well to check up on its own part in a safety work.

MORE AIRPLANE POWER

Every little while American industry takes a sudden jump forward by discovering some simple way to save power. Such a jump seems to have been taken now in the airplane industry. Merely by covering an airplane engine with a new form of cowl, engine efficiency is increased 30 percent.

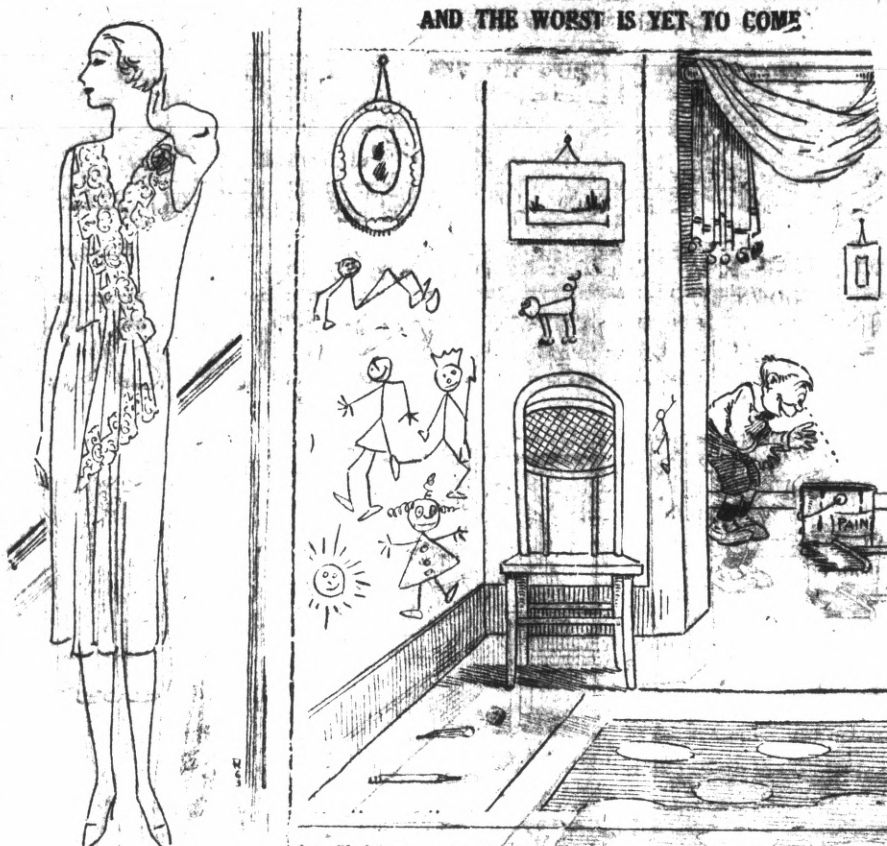

This cowl costing about \$25 gives better control of the air cooling system, protects the engine better from chilling in the cold upper air and reduces its air drag.

The greater power thus gained and the saving in fuel may make the difference between success and failure in long flights. It should be a big factor in developing regular airplane service between America and Europe.

For domestic and local use such a gain in motor efficiency might justify airplane builders in installing mufflers and doing away with the usual deafening noise and making airplane traveling really pleasant.

A waistline, suggested by tucks, is the feature of this lace-trimmed abbreviated nightgown. Dear Judge, I want to make some underwear

BEAUTY

Dear Miss Lane, I am not really over-weight but my hips are too large and I would appreciate it if you could give me some exercise which might help to reduce them.—ANNA

Lying on your back on the floor with your arms at your sides, stretch the body full length by drawing the left hand up over the head and extending the right foot at the same time. After doing this several times on alternate sides, do the bicycle movement increasing the speed of the revolutions as you go on.

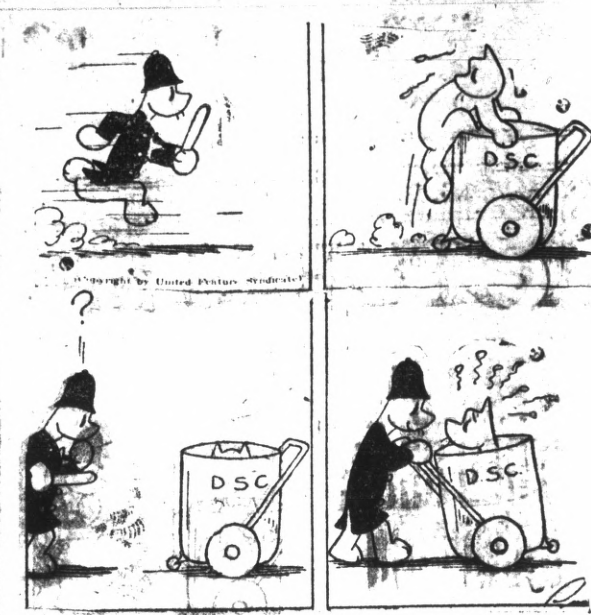

Dear Miss Lane, I am very tall (five foot eight inches) and thin. Can you suggest what sort of clothes I should wear to make me appear shorter and less skinny?—M. A.

First of all, you might try to put on some weight by following a routine of correct diet and rest. A girl as tall as you can carry weight well and it will give you a figure which has considerable charm, don't you think?—certainly it has the new silhouette. As for belts on a nightgown, I think they are an abomination unto the Lord—since you may disagree, there are two suggestions—make them very narrow, a mere string of the crepe, and make them detachable. The smartest lingerie is trimmed with heavy, deeply tinted lace—Alençon patterns are good.

Yours for style, JUDIE

YULE CLUB TO DISTRIBUTE VAST SUM

Christmas club members of Santa throughout the United States will, during the next few weeks, receive in excess of \$500,000, according to estimates received by the Mechanics bank of Richmond.

These figures represent an increase in Christmas club savings of about \$50,000,000 or 10 per cent. over 1927. Amounts to be paid to members range from \$12.50 to \$1,000, the figures reveal. The average distribution per member is \$59.10.

The Christmas club idea is growing fast throughout the country with more banks and more members taking part in the movement during 1928 than in any previous year. E. M. Downer, president of the Mechanics bank reports.

Analysis of the 1927 figures showing for what ends Christmas club funds are distributed reveals that more than 60 percent of the vast sum is used for constructive purposes. Christmas purchases received \$213,000,000 of the amount, \$165,000,000 goes for savings accounts and investments; and the balance, amounting to \$162,000,000 goes for installment purchases, insurance premiums, interest and mortgages, taxes, education and charity.

The Christmas club idea which began with the thought of insuring sufficient funds for Christmas purchases has in the few years of its existence branched out to include all of the smaller needs of families and business houses. Its success is demonstrated by the fact that there are scattered throughout the nation more than 1,000,000 members of the clubs maintained by the various banks.

Fire Damages Richmond Home

Fire of undetermined origin caused damages estimated at \$2,000 in the home of Capt. R. M. Fahrenholtz, 2400 Gaynor avenue Sunday night. The blaze was extinguished. The blaze is believed to have started in a closet in the home. Capt. Fahrenholtz is an officer of the Richmond-San Rafael ferry line, was not at home at the time of the fire. The blaze was extinguished by the Richmond fire department.

Equasonne, New Term Of Radio Told By Blake

The new word "Equasonne" that has created such a furore in radio circles because of its use in connection with an entirely new radio circuit, is explained as follows by V. G. Blake of the V. G. Electric company, 1314 Macdonald avenue, local Sparton Radio dealer.

One of the outstanding characteristics of the new Sparton circuit is equal selectivity throughout the entire range of the dial. The lower wave lengths are received with equal clarity as the higher. The lower end of the dial becomes equal to the upper. From this obvious source comes the prefix Equa.

The second outstanding characteristic of the new Sparton circuit was something equally new to radio. This is described as reception with "proper sonic relations between all the fundamentals and overtones of good music." Reception of overtones, upon which richness and depth depend, demanded expression in the new name.

From these sources came the word Equasonne, which is applied both to the revolutionary new Sparton circuit and to the Sparton instruments themselves.

DOG IN DARING RESCUE OF MASTER

PITTSBURG, Nov. 19.—The intelligence and daring of "Bob", an alder dog, saved the life of Salvador Brudo, 23, a fish buyer, for the Northern Fisheries.

Brudo, accompanied only by the dog, was traveling up the San Joaquin river when he slipped on the wet deck of his boat, falling overboard. His side and one arm were injured in the fall when he struck against the gunwale of the boat. He managed to keep afloat but was being swept away by the tide when the dog jumped into the river to rescue his master.

Brudo placed the injured arm about the dog's neck and the two fought their way back to the boat. As Brudo is to be married Dec. 9, the dog added in making two persons happy.

Austrian Group In Picnic Plans

Representatives of Richmond, San Jose, Watsonville, San Francisco and Oakland Austrian-American Benevolent societies met here Sunday to discuss plans for a picnic and barbecue to be held at East Shore park next June 30. Plans to entertain 5,000 visitors and to provide 3,000 pounds of meat for the barbecue were discussed.

Reckless Driver Assessed \$50 Fine

Charged with reckless driving, Robert Shackel of Richmond, was fined \$50 by Police Judge C. A. Dwyer yesterday. He was also sentenced to serve 90 days in the county jail, commitment withheld.

Austrian Society Wins Court Fight

MARTINEZ, Nov. 19.—Superior Judge A. B. McKenzie today granted a writ of mandate to Peter Kasovia, ousted treasurer of the Austrian American Benevolent society of Richmond, ordering his return to the office of treasurer of the lodge.

Kaiser Funeral Rites Conducted

Final rites for Mrs. Marie Kaiser, 90, 210 Chanslor avenue, were conducted from the Wilson and Kratzer chapel yesterday afternoon. A Christian Science reading was said by Mrs. G. Hadsell. Cremation was at the Berkeley crematory.

Dr. Keser Back After Tour Of Europe, America

After a six months tour of Europe and America, Dr. Margaret Deninger-Keser returned to her home here Sunday. The trip to Europe was made via the Panama canal with a stopover at Cuba. She toured 11 countries while abroad.

While in Germany Dr. Keser visited with her cousin. She stayed in Paris a week before engaging passage on the S. S. Republic, landing in Boston after a stormy trip of 10 days.

While in the east she visited Miss Lillian Cottrell, former Richmond city bacteriologist at Wolfboro, N. H.

From Five Hundred to Five Thousand Dollars!

Such is only part of the story of increased values that is being written in the development now taking place on the Richmond waterfront

There is nothing physically spectacular about the dredging and filling operation which you see in progress along the Richmond water front.

And yet literally and figuratively these operations are maturing a crop of dollars for Richmond property owners, Richmond business men and Richmond residents.

Industrial property that is today worth from \$500 to \$600 per acre will tomorrow, upon the completion of the harbor improvements, leap in value to \$5000 and \$6000 per acre.

Richmond's harbor is one of Richmond's greatest assets—remember this—the busy dredgers are literally coining the new prosperity that the citizens of Richmond are to enjoy in the immediate future.
